A Scandinavian and playful Moroccan pillow

- Normann Copenhagen presents the Circus, designed by Simon Legald

Circus is a pouf with a playful and Scandinavian feel designed by Simon Legald. Circus is available in four saturated colour combinations and is a modern answer to the traditional pouf with its rounded shape and clean graphic lines. It has a tight and simple design with a soft and inviting feel.

The inspiration for Circus comes from the traditional Moroccan pillow, with focus on handicraft and playfulness of construction. Circus consists of two different types of foam: A hard foam to maintain the shape of the bottom part of the pouf and a softer foam on the upper part for great seating comfort.

Simon Legald says: "I like to work in depth with the construction itself in order to achieve optimal functionality. Circus changes its feel depending on what you put it together with. It is naive and playful and makes a colourful addition to any environment."

Circus is a multi-functional piece of furniture and can, for example, be used as an extension for your sofa, as a seat for a coffee table or as a decorative piece of furniture for the kids' room.
