D: 33,8 cm / 13,3"

H: 88,7 cm / 34,9"

Materials

Powder Coated Steel, ED Coating

Colours

Black

Care Instructions

Use a soft dry cloth to clean. Do not use any cleaners with chemicals or harsh abrasives. Avoid using water.

Is it a tray or a table? The versatile, multiple-use Copenhagen Tray Table combines the functionality of a traditional tray with the elegance of a side table. Designed by Norm Architects for use in the home, office, even the garden, the table is portable and slender enough to slot stylishly into any corner of the room. Constructed from lightweight powder-coated steel with handles to be easily moved, use Copenhagen Tray Table as a storage solution in the kitchen to display dinnerware. Put it to work as modern drinks trolley in a living space, or stack with pot plants in the garden.

About the Designer

A Scandinavian company through and through, Norm Architects are celebrated for their clean, minimalistic designs. Its founders Kasper Rønn and Jonas Bjerre-Poulsen argue that minimalism is nothing new: "It has been the norm in many cultures all over the globe since the beginning of civilization. People have strived for material poverty as a way to inner luxury. Reduction and perfection have been the main goal for both craftsmen and inventors – because avoiding the irrelevant meant emphasising the important."

The pursuit of purity, simplicity and timelessness is at the heart of everything undertaken by Norm.
