## About the Designer

A Scandinavian company through and through, Norm Architects are celebrated for their clean, minimalistic designs. Its founders Kasper Rønn and Jonas Bjerre-Poulsen argue that minimalism is nothing new: "It has been the norm in many cultures all over the globe since the beginning of civilization. People have strived for material poverty as a way to inner luxury. Reduction and perfection have been the main goal for both craftsmen and inventors - because avoiding the irrelevant meant emphasising the important."

The pursuit of purity, simplicity and timelessness is at the heart of everything undertaken by Norm.
