Deceptively simple, the airy and delicate appearance of String Chair belies the obsessive attention to detail devoted to its design by Studio WM, Rotterdam-based duo Wendy Legro and Maarten Collignon. Versatile and durable, use WM String Dining Chair inside or outdoors. The cushion is not water resistant.

About the Designer

Designers Wendy Legro and Maarten Collignon formed their Rotterdam design company after graduating from the Design Academy Eindhoven. Their clean, simple, inviting design is deceptively simple. A perfect example of this is the studio's String Chair for Menu: its airy and delicate appearance belies an obsessive attention to detail. The pair describes their approach to design as an intuitive, sensorial experience: scent, touch and sound are in harmony striving to create sensitive and poetical design.
